

Date 25.09.2026

Dear **Saurabh Patel**,

We're excited to welcome you aboard as a Campus Ambassador for The Polaris Fellowship at NIT Nagaland. You are now part of the Polaris Fellowship Core Team, representing the Fellowship on your campus and helping us build a strong student community across India.

As a Campus Ambassador, you will work closely with The Polaris Fellowship team to build and engage your campus community, bring meaningful opportunities to students, support Fellowship-led initiatives, and connect ambitious students with the right experiences. Your focus will be on community building, leadership, execution, and creating real impact on your campus.

Throughout your journey, you will get the opportunity to collaborate with student leaders from colleges across India, take up exciting challenges, grow your network, and build something meaningful within your own college. Your contributions will also help you earn points towards exclusive rewards, recognition, and opportunities, including AI Startup Credits, Polaris merchandise, Apple AirPods, and more.

At the end of your tenure, you will receive a Certificate of Achievement recognizing your contribution as a Campus Ambassador, while top performers may unlock additional opportunities within The Polaris Fellowship ecosystem.

Once again, welcome to The Polaris Fellowship Core Team. We're excited to have you with us and can't wait to see the impact you create at your college.

Mukul Rustagi

Co-founder, Polaris School of Technology

Your Campus. Your Community. Your Impact
